THE CITY OF CRAIOVA:

Craiova is a Romanian city, the capital of the county of Dolj, situated near the left bank of the river Jiu in central Oltenia (the political center of which it was for long), at approximately equal distances from the Southern Carpathians (north) and the Danube (south). Craiova is the chief commercial city west of Bucharest. An ancient Dacian fortress, the Bans' fortress in the Middle Ages, capital of the historical province of Oltenia and of the Dolj county, Craiova is second only to Bucharest as the most important city in Southern Romania. Down the centuries, Craiova has continuously developed into an important commercial, industrial, cultural and university centre, a dynamic metropolis which blends the past and the present into a harmonious unity. An ancient city, with a tormented past, Craiova is proud of its history and traditions. A modern city, Craiova is intensely living the present, confidently looking towards the future. A European city, open to the world, Craiova has established very close connections with Nanterre - France, Kupio - Finland, Valencia - Spain, Skopje - Macedonia, Vratza - Bulgaria and Shiyang - China. A hospitable city, Craiova is waiting for you and inviting you to discover its remarkable architecture, captivating history, dream-like gardens, impetuous life and, not least, to taste the delicious Oltenian cuisine and to enjoy its famous wines.
